THE CHAIRMAN MESSAGE

"From a visionary dream, A. Karim Al Jahromi Contracting Co. W.L.L. (AKJC) has risen to become a formidable reality over the past 45 years. At A. Karim Al Jahromi Contracting Company, our mission is to exceed expectations and build a better world through our commitment to quality, innovation, and sustainability. With decades of experience and a passion for construction, we have established ourselves as a trusted partner for projects of all sizes and complexities. Fueled by unwavering conviction and relentless effort, we've transcended conventional boundaries to become a market leader in Kingdom of Bahrain.

A determination to succeed has always been at the forefront of our endeavors. By building on our core values of quality, reliability, customer satisfaction and value for money, and by combining these values with experience, with industry advancement and with objective self-assessment, we have created a strong company with a secure future.

The success of our projects is not only measurable through our clean indicators on safety, quality and delivery timing but also consists in reaching environmental sustainability and carrying social responsibilities.

The hallmark of our success consistently exceeds expectations by completing projects ahead of schedule. This is a testament to our core values: hard work, dedication, and a constant drive for improvement.

As we embark on the next phase of our journey, we are filled with excitement and optimism for the opportunities that lie ahead. With a steadfast commitment to excellence and a spirit of collaboration, we are confident in our ability to continue delivering unparalleled results for our clients and communities.

Looking ahead, AKJC remains committed to progress and betterment. We see ourselves as explorers, unlocking the hidden engineering treasures within nature to create a better world for all. Join us on this journey, and together, let's build a brighter tomorrow."

Chairman

ABOUT US

Established in 1976, A. Karim Al Jahromi Contracting Co. W.L.L. (AKJC) is a leading Bahraini contractor under the visionary leadership of its owner and founder, Mr. Abdul Karim Al Jahromi. Over four and half decades, AKJC has earned a well-deserved reputation for excellence in diverse fields, from civil construction and infrastructure projects to aluminum fabrication and general services.

Today, the company remains at the forefront of its industry. AKJC boasts a with a strong Management Team that is pivotal for its success and growth. Our strong Management Team is characterized by individuals who possess a combination of diverse skills, experience, and leadership qualities. They excel in areas such as strategic planning, decision-making, problem-solving, and effective communication aligned with a highly skilled and trained workforce, complemented by cutting-edge equipment and professional project management practices.

AKJC proudly holds a prominent position among Bahrain's premier contracting companies, with a proven track record of success. Renowned for its quality work and timely project completion, AKJC regularly collaborates with prestigious clients like the Bapco Refining, Bapco Gas, Bapco Upstream, Bahrain Defence Force (BDF), Electricity and Water Authority (EWA), Ministry of Education (MOE), Ministry of Interior (MOI), Ministry of Works (MOW) boasting an annual exceptional turnover and a substantial portfolio of completed and ongoing projects.

With extensive experience in both public and private sectors, AKJC possesses the manpower, equipment, and expertise to tackle major projects. The company consistently delivers projects on time and within the allocated budget, exceeding client expectations with its unwavering commitment to quality.

In essence, A. Karim Al Jahromi Contracting Co. W.L.L. stands as a symbol of construction excellence in Kingdom of Bahrain, built on a foundation of experience, expertise, and unwavering dedication to quality and client satisfaction.

WHY CHOOSE US

Our company's expertise extends across a spectrum of crucial services, encompassing building maintenance, electrical work, and infrastructure construction. With a deep-rooted commitment to excellence, we ensure that our clients receive nothing short of superior results, marked by durability, efficiency, and precision.

In every project we undertake, our focus remains steadfast on delivering unparalleled quality while adhering to equitable pricing structures and meeting agreed-upon deadlines. This commitment to value is a cornerstone of our approach, aimed at fostering long-term partnerships built on trust and satisfaction.

Central to our success is our dedicated team of professionals, each possessing a wealth of experience and a relentless drive for perfection. We handpick individuals who not only excel in their respective fields but also share our fundamental belief in the importance of open, honest, and direct communication.

By fostering a culture of transparency and collaboration, we empower our personnel to engage with clients authentically, ensuring that their needs, preferences, and concerns are addressed with the utmost attention and care. This unwavering commitment to clear and candid communication serves as the bedrock of our client relationships, fostering mutual understanding, respect, and confidence.

In essence, our unwavering dedication to excellence, coupled with our emphasis on transparent communication, enables us to consistently deliver exceptional results that exceed expectations. We stand firmly behind our promise to provide quality outcomes at fair prices, reinforcing our position as a trusted partner in every project we undertake.

OUR VISION

Driven by a relentless pursuit of excellence, our overarching goal is to establish ourselves as the foremost authority in the creation and preservation of essential infrastructure. We envision a future where our efforts not only serve the immediate needs of communities but also lay the foundation for sustained growth and prosperity for generations to come.

At the heart of our mission lies a commitment to innovation and forward-thinking. We strive to push the boundaries of what's possible, leveraging cutting-edge technology, sustainable practices, and visionary design to shape infrastructure that not only meets but exceeds the evolving needs of society.

Our vision extends beyond mere functionality; we aspire to create infrastructure that fosters connectivity, resilience, and inclusivity. By prioritizing the creation of infrastructure that empowers communities, we aim to unlock opportunities, facilitate economic development, and enhance the overall quality of life for all.

Moreover, we recognize the profound responsibility that comes with shaping the future. As stewards of vital infrastructure, we embrace a long-term perspective, ensuring that our projects are not just built to last but designed to thrive for generations. We incorporate robust maintenance plans, resilient materials, and adaptable designs, safeguarding against the uncertainties of tomorrow while preserving the legacy of today.

Central to our approach is a deep-seated respect for the communities we serve. We prioritize meaningful engagement, seeking input from stakeholders and fostering collaborative partnerships to ensure that our projects reflect the unique needs and aspirations of each community.

Ultimately, our ambition is to leave a lasting impact, not only in the infrastructure we create but in the lives we touch. By embodying the values of excellence, innovation, and community empowerment, we aim to be the catalyst for positive change, driving progress and prosperity that endures for generations to come.

OUR MISSION

At the heart of our commitment lies a dedication to innovation, which serves as the driving force behind our quest to revolutionize infrastructure solutions. We continually push the boundaries of conventional practices, harnessing breakthrough technologies, and pioneering methodologies to deliver solutions that not only meet but exceed expectations.

Moreover, we recognize the importance of cost-effectiveness in ensuring the viability and accessibility of our infrastructure solutions. By leveraging efficient processes, optimized resources, and strategic partnerships, we strive to maximize value for our clients and stakeholders while minimizing financial burdens and environmental impacts.

Quality is non-negotiable in our pursuit of excellence. We adhere to the highest standards of craftsmanship, employing rigorous quality control measures and utilizing premium materials to ensure that our infrastructure solutions stand the test of time. Our unwavering commitment to quality is evident in every aspect of our work, from initial design to final execution.

Collaboration is fundamental to our approach, as we believe that the collective expertise and perspectives of diverse stakeholders are essential for crafting holistic and sustainable solutions. We foster an inclusive environment where ideas are shared, insights are valued, and partnerships are forged to tackle complex challenges and achieve shared goals.

Central to our mission is the creation of sustainable, healthy environments that enrich the lives of present and future generations. We prioritize environmentally conscious practices, incorporating green technologies, and promoting resource efficiency to minimize our ecological footprint. Furthermore, we design infrastructure solutions with human well-being in mind, prioritizing safety, accessibility, and functionality to foster thriving and resilient communities.

In summary, our commitment to innovation, cost-effectiveness, quality, and collaboration underscores our dedication to providing long-term infrastructure solutions that not only meet the needs of today but also lay the groundwork for a sustainable and prosperous future.

OUR VALUES

Integrity

Upholding the highest ethical standards in every interaction.

Excellence

Striving for continuous improvement and delivering exceptional results through expertise and commitment.

Collaboration

Fostering strong partnerships with clients, communities, and partners to achieve shared goals.

Innovation

Embracing creative solutions and cutting-edge technologies to build a sustainable future.

Community

Investing in the well-being of the communities we serve through responsible practices and social impact initiatives.

Safety

Prioritizing the safety of our employees, partners, and the public in all aspects of our work.

Environmental Stewardship

Minimizing our environmental footprint and contributing to a greener future through sustainable practices.

CORPORATE GOVERNANCE AND SOCIAL RESPONSIBILITY

At AKJC, we uphold the fundamental tenets of ethical corporate governance, placing a strong emphasis on diversity, environmental stewardship, and social responsibility. Our steadfast commitment to these principles is embedded within our policies and procedures, ensuring that every facet of our business operations aligns harmoniously with our core values and ethical standards. By adhering to these principles, we not only meet but consistently exceed the expectations of our clients and stakeholders, fostering trust and mutual respect within our relationships.

Our dedication to ethical conduct is unwavering, and we are continually driven by the needs and expectations of our customers. We strive to deliver exceptional services that prioritize quality and reliability, while simultaneously ensuring full compliance with relevant laws, regulations, codes of practice, standards, and specifications. Through a meticulous management system, we adeptly navigate the ever-evolving landscape of our industry, always prioritizing integrity and ethical conduct.

Furthermore, we recognize the importance of competence and proficiency in all aspects of our work. To this end, we place significant emphasis on continual awareness and training initiatives focused on enhancing work quality, promoting health and safety, and fostering environmental sustainability. By investing in the ongoing development of our workforce, we ensure that our team remains at the forefront of industry best practices, capable of delivering excellence in every project we undertake.

In summary, at AKJC, our commitment to ethical corporate governance, diversity, environmental stewardship, and social responsibility is at the forefront of everything we do. Through diligent adherence to our values and rigorous standards, we strive to not only meet but exceed the expectations of our clients and stakeholders, while upholding the highest ethical standards and contributing positively to the communities we serve.

QHSE POLICY

A. Karim Al Jahromi Cont. Co. W.L.L. is committed to achieving and maintaining excellence in QHSE Management Systems in-line with ISO 9001:2015, ISO 45001:2018 and ISO 14001:2015 standards. We conduct our business activities in a manner that consistently exceeds the needs and expectations of our customers, complying fully with applicable legal and other requirements related to Quality, Health, Safety, and the Environment.

We are committed to:

- Develop and uphold a culture of routinely doing things right and doing them better, adopting best practices, while building successful relationships with our customers.
- Enhance employee skills through knowledge sharing, training, and motivation.
- Encourage a corporate culture focused on knowledge sharing and collaboration.
- Promote participation and consultation with all interested parties related to QHSE matters.
- Provide safe and healthy working conditions for the prevention of work-related injury and ill health to all the interested parties and to the specific nature of its OH&S risks and OH&S opportunities.
- Protect the environment, including the prevention of pollution.
- To use sustainable resources and mitigate climate change.
- Strive to identify and, wherever possible, use materials which reduce the risk of pollution.
- Recycle/reuse materials wherever practical.
- Minimize the environmental impact, for the life cycle (including disposal) of all products, equipment, and other physical assets under our control.

The Management shall visibly uphold these principles and regularly review QHSE performance, every employee, whose work may create a significant QHSE impact, each employee has a responsibility to halt a job if they feel it could lead to injury or illness to themselves or others, also report workplace condition or practices that pose a safety hazard or threaten the environment and to take reasonable action to minimize such risks.

This policy is reviewed annually for its appropriateness and is always accessible to all stakeholders and the public.

At AKJC, we never compromise on our QHSE commitment.

Chairman

WHAT SETS US APART

Unwavering Commitment to Quality

At our core, we embrace a steadfast commitment to excellence, ensuring that every aspect of our work reflects the highest standards of quality. We spare no effort in utilizing top-tier materials and the latest advancements in technology to deliver results that stand the test of time.

Sustainability Solutions

In recognition of our responsibility to the planet, we are dedicated to integrating sustainable practices into our operations. Through conscientious decision-making and innovative solutions, we endeavor to minimize our environmental footprint while maximizing resource efficiency, ensuring a brighter future for generations to come.

Client-Centric Approach

Our client-centric philosophy underscores our approach to every project. We prioritize open communication and collaboration, striving to understand and exceed the unique needs and expectations of our clients. By forging strong relationships built on trust and transparency, we consistently deliver outcomes that surpass their aspirations.

Safety First

Safety is paramount in all that we do. We prioritize the well-being of our employees and partners, fostering a culture of safety consciousness and providing a secure working environment where everyone can thrive without compromise.

Skilled and Experienced Team

Central to our success is our team of skilled and experienced professionals. With a diverse range of expertise in engineering, technology, and construction, they bring a wealth of knowledge and insight to every project. Their dedication and passion drive our pursuit of excellence, inspiring confidence in our ability to tackle even the most complex challenges with precision and ingenuity.

OUR SERVICES

AKJC stands as a premier construction and engineering firm, offering a comprehensive array of services essential for the development and upkeep of contemporary infrastructure. With a steadfast commitment to excellence and innovation, we are dedicated to shaping a brighter future, one project at a time. Our multifaceted approach encompasses a diverse range of specialties, each playing a crucial role in the realization of transformative infrastructure solutions.

At the core of our mission is the unwavering dedication to delivering unparalleled quality and value in every endeavor. From initial concept to final completion, we harness cutting-edge technology, industry-leading practices, and a wealth of expertise to ensure the success and longevity of each project we undertake.

Our portfolio of services spans the spectrum of construction and engineering disciplines, catering to the evolving needs of modern society. Whether it's the construction of vital transportation networks, the development of sustainable energy solutions, or the enhancement of urban infrastructure, we possess the capabilities and ingenuity to bring ambitious visions to life.

Moreover, we recognize the profound responsibility that comes with shaping the built environment. As stewards of progress, we prioritize environmental sustainability, social responsibility, and community engagement in all facets of our operations. By integrating sustainable practices, fostering inclusive growth, and fostering meaningful partnerships, we strive to create infrastructure that not only serves the present but also enriches the lives of future generations.

Through our unwavering commitment to excellence, innovation, and sustainability, AKJC is dedicated to making a lasting impact on the world around us. With each project we undertake, we aim not only to build infrastructure but also to build a legacy of progress, prosperity, and possibility for all.

Expertise across Key Areas

Roads & Highways

We take pride in building and maintaining safe, efficient, and durable roads that connect communities and drive economic growth.

Sewerage & Drainage

We ensure the smooth flow of waste and rainwater, safeguarding public health and protecting the environment with sophisticated drainage and sewerage systems.

Civil Infrastructure

From roads to buildings, we possess the skills and experience to tackle any civil construction project, big or small.

Building Maintenance

We extend the lifespan of your infrastructure through preventative and comprehensive maintenance services for all your civil and electrical works.

Electrical

We illuminate your world with expert electrical engineering, from design and installation to maintenance and repair, ensuring reliable power for every project.

Aluminum Fabrication Works

We transform raw aluminum into custom-designed structures and components, adding both strength and beauty to your projects.

Oil and Gas

We have an experienced management team multi discipline workforce for civil construction, and a large fleet of inhouse equipment to execute civil works in oil and gas industry.

PROJECTS COMPLETED

PROJECT TITLE

Proposed Hamala Sewerage Scheme Various Roads, Block 1010, Al Hamala Village

CLIENT

Ministry Of Works – Sanitary Engineering

COST

BD 2,250,711/-

TIMELINE

24 Months

SCOPE OF WORK

Laying of sewer pipelines, main line for a length of over 5 kms, UPVC & GRP from dia 150 mm to 400 mm for depths up to 8.0 m, laterals for a length of over 7.5 kms, UPVC from dia 100 mm & 150 mm. Construction of manholes more than 700 nos of type e,f,h. Lift station 1 no for depth of 9.0 m including M&E works stop board chamber, discharge chamber and all associated works. Replacement of waterlines ac to di. Asphalt works.

PROJECT TITLE

Tubli Sewerage Scheme, Block 701

CLIENT

Ministry Of Works – Sanitary Engineering

COST

BD 1,123,157/-

TIMELINE

16 Months

SCOPE OF WORK

Laying of sewer pipelines, main line for a length of over 4.3 kms, UPVC & GRP from dia 150 mm to 400 mm for depths up to 8.0 m, laterals for a length of over 5.1kms, upvc from dia 100 mm & 150 mm. construction of manholes more than 275 nos of type e,f,h. lift station 2 nos for depth of 9.0 m including M&E works stop board chamber, discharge chamber and all associated works. replacement of waterlines ac to di. Asphalt works.

PROJECTS COMPLETED

PROJECT TITLE

Improvement Of Halat Abu Mahir, Block 216

CLIENT

Ministry Of Works – Roads

COST

BD 1,299,941/-

TIMELINE

50 Weeks

SCOPE OF WORK

Demolition & site clearance, earth works replacement of waterlines ac to di. asphalt works, services protection, laying of storm waterlines, upvc & grp from dia 150 mm to 900 mm for depths up to 4.5 m for a length of over 3.8 kms, construction of manholes, catchpits more than 90 nos of type g, h, j. gulleys, laying of service ducts, road grading & asphalt works, kerbing & paving, installation of traffic signs & road markings and all associated works.

PROJECT TITLE

Improvement Of Roads in Block 245, Arad

CLIENT

Ministry Of Works – Roads

COST

BD 715,999/-
